MEDIA KITS

PRINTABLE MATERIALS

[ACCESS](#)

The Media Kits section provides both ready-to-use materials and editable files designed to help our member organizations, movements, and allies share the messages, campaigns, and initiatives of the International Peoples' Assembly around the world.

Here you will find graphics, videos, posters, and communication guidelines that can be downloaded and customized for your own platforms — tools to amplify our collective voice and strengthen global solidarity. Each kit is created to inspire action, inform communities, and promote unity around the anti-imperialist struggles and the solidarity among the peoples of the world.

We regularly update these materials to support ongoing campaigns and key moments of mobilization — so visit this page often to stay connected, download new resources, and share them across your networks.

Share the campaigns. Spread the word. Let the people's voice be heard.
