NO TO THE ISRAELI-U.S. WAR ON IRAN!

June 14, 2025

The recent attack by the Zionist regime on Iran marks yet another war crime in a long series of Israeli atrocities, carried out with the full backing of the United States. This brutal assault claimed the lives of at least 70 people, most of them civilians, in a deliberate attempt to terrorize the people of Iran and generate conditions for regime change.

We condemn Israel's relentless push for regional domination and the unlimited support provided by the United States'. Such unchallenged hegemony and impunity is deeply dangerous, given the Zionist regime's long history of flouting international law and employing any means necessary—including genocide—to fulfill its expansionist, political, and economic ambitions.

Iran's steadfast resistance to the Zionist regime stands in stark contrast to the capitulation of the political elites and leaders in the rest of the region, which have chosen normalization and subservience to U.S. interests, even after 20 months of genocide in Gaza.

The IPA stands firmly with the people of Iran, Palestine, Lebanon, Syria, and Iraq, all of whom

continue to suffer under Israel's relentless violence. We demand an immediate end to the genocide and occupation of Palestine and to the aggression against neighboring nations.

We also denounce the failure of world governments to take decisive action by severing diplomatic and economic ties with Israel.

The IPA will continue, as we have been for the last 20 months, to mobilize the masses across the world to reject the Zionist regime's genocidal campaign on the peoples of the region and expose the United States as its primary backer and enabler.

Silence is complicity, the time to act is now.
